Shelters

	1.5 I know three reasons for having a shelter when sleeping outdoors		1.1 I have built something out of snow.
	2.4 I know what natural shelter materials or locations are to keep out of the wind, rain, sun and snow and where these may be found.		2.15 I can find a safe place in bad weather.
	3.7 I can make a personal shelter out of plastic sheeting and rope. 3.11 I know what makes a comfortable and safe place for a sleeping shelter/site.		3.6 With a small group, I have built an emergency shelter in winter. 3.7 I know how to find shelter from the wind on a cold day.
	4.7 I can build a personal sleeping shelter out of snow or any other natural materials.		4.16 I can build or find an emergency shelter .
			4.5 I have put up a tent in winter to sleep in.
	5.1 I have built a lean-to shelter and an A-frame sleeping tripod shelter using wood, tied with four lashing knots: square , diagonal , tripod and shear lashings . 5.6 I have built and slept out at least two nights in a shelter big enough for three persons and made of only natural materials found outdoors and rope.		5.12 I can pitch a variety of tents and shelters.
	6.6 I have constructed and slept two nights in an igloo , quinzee or trench snow shelter capable of sleeping three persons.		5.6 I have built and slept in a temporary winter shelter such as a quinzhee, snow trench or a lean-to.
	8.6 With only materials found in the forest, rope and plastic sheeting, I have built a 10-person campout dinning shelter protected on all side from the weather.		6.6 I have taught a less experienced Scout how to build a winter shelter . 6.10 I have slept outside for two nights in a lightweight shelter in winter
